SUBJECT: Comments on Agenda Items, Meeting of July 10, 2012

An interview for the Economic Development commission Business Representative will be held at 6:30 p.m.

ITEM 7. The City Council will recognize the incoming and outgoing members of the Mayor's Youth Council. Sixteen youth were appointed for a term ending on June 30, 2013. They are Abryanna Howard, Chrystiana Howard, Nathaniel Jole, Sonia Puri, Anna Pasillas, Katrina La Madrid, Lorelei Near, Olivia Lewis, Yanelly Serrano, Hazel Gonzalez, Erik Pacheco, Angelica Valdez, Yvette Estephan, Joana Martinez, Tiffany Felix, and Natasha Martinez. The 21 outgoing members have also been invited to the meeting for recognition.

ITEM 11.D (Consent). The City Council needs to continue its declaration of a local emergency due to the wind storm in late 2011. Staff cleanup efforts are still being undertaken.

ITEM 11.G (Consent). This item recommends approval of a professional services agreement with Arroyo Strategy Group to provide grant writing services for the City. Arroyo Strategy Group is a grant writing consultant that provides writing, research, and administration services designed to make their clients' grant proposals stand out from the competition and achieve winning results. Their skill set emphasizes creating detailed, informative, and compelling grant applications. Their current clientele includes approximately one dozen Southern California communities.

ITEM 13.A. This is the first reading of an Ordinance to consider approving a revision to the annual overnight parking and temporary overnight parking fees. One of the items included in the 2012-13 budget adopted by the City Council at its June 12, 2012, meeting was an increase of annual and temporary parking fees. The budget accounted for an increase in the annual overnight parking fee to \$100, and an increase in the temporary parking fee to \$10 for a 10-day permit. Resolution 12-R-22 approves the fees.

ITEM 13.B. This is a Resolution ordering the levy and collection of assessments for fiscal year 2012-13 within the Landscape and Lighting District. Each year, the City Council is required to hold a Public Hearing to establish property assessments to pay for the Landscape and Lighting Assessment District. At its June 12 meeting, the City Council adopted Resolution No. 12-16 that declared the City Council's intention to levy and collect assessments for fiscal year 2012-13, approved the Engineer's Report indicating the amounts of the proposed assessment, district boundaries, assessment zones, descriptions of improvements, and method of assessment, and set July 10 for the Public Hearing. This year, the assessments are proposed to increase by CPI (2%) in Special Zones 4, 7, 8, 14, 15, 16, and 17 as allowed for in their formation or by previous approval.

ITEM 14.A. A presentation will be given by a representative of National Demographics Corporation (NDC) on the results gathered from a Citywide survey on potential revenue measures (sales tax supplement, utility users tax, and parcel tax). As part of the 2012-13 fiscal year budget workshop, the City Council discussed the possible consideration of a revenue measure as a way to help balance the budget and begin to look at ways to restore the many programs and services cut over the past several years.

NDC initiated its survey efforts by first holding a focus group meeting in May 2012. This three-hour forum provided the opportunity to gather a more in-depth opinion on specific issues not necessarily gathered in a survey. After the focus group input and the preparation of the survey, between June 14-19 NDC conducted the survey of 375 registered voters by phone. Bilingual callers were also used to interview Spanish-speaking voters. According to NDC, the expected 8-minute survey averaged about 14 minutes long.

The complete results of the 52-question survey are contained within the attachment to this report, and will be presented by NDC at the City Council meeting. Of the three possible revenue options, the sales tax supplemental measure was supported the most, particularly at a level of 0.5% (62%). When telling opponents that residents AND visitors would pay the tax, support (for 0.5%) went up to 65%. By way of comparison, the most supported utility tax response was 33% at a level of 3%, and was brought up to 52% when opponents were told that the tax would restore all recent budget cuts. Finally, the parcel tax option generated a favorable response of 34% at \$75, and 50% when dropped to \$50. When opponents were told the tax would be dedicated to public safety, support (for \$50) went up to 62%.

The recommendation is that the City Council direct staff to return with resolutions necessary to place a 0.5% sales tax measure on the November 6, 2012, ballot.

ITEM 14.B. The City Council will make an appointment of a Business Representative to the Economic Development Commission, for a term ending December 31, 2013.

Respectfully submitted,

Darrell J. George
City Manager

Agenda Memo City Manager's Office

To: Mayor and Members of the Duarte City Council
From: Karen Herrera, Deputy City Manager

Re: Grant Writing Contract with Arroyo Strategy Group

Recommendation: That the City Council, by motion, approve a Professional Services Agreement with Arroyo Strategy Group to provide grant writing services for the City of Duarte during the upcoming Fiscal Year 2012-13.

Background: During the recent budget workshops in April and May, City Council directed staff to begin researching options for providing grant-writing services to the City on an ongoing basis for the upcoming fiscal year. Since this item was part of the "wish list" for the upcoming year, staff was going to bring the item to the Council at mid-year for consideration, pending the outcome of the potential revenue ballot measure vote. However, Council requested that this item return for discussion sooner rather than later, and an information item was presented at the June 26, 2012, Council Meeting. This item contained details on proposals submitted by three well-qualified firms with varying scopes of work. After Council discussion, staff was directed to return with a Professional Services Agreement with Arroyo Strategy Group.

Discussion: Arroyo Strategy Group is a grant writing consultant that provides writing, research and administration services designed to make their clients grant proposals stand out from the competition and achieve winning results. Their skill set emphasizes creating detailed, informative and compelling grant applications. Their current clientele includes approximately one dozen Southern California communities. The firm's compensation is based on the size of the grant awarded, and only realized if the grant is awarded. Specifically, they receive 5% for grants up to \$100,000 down to 2% for grant awards over \$1 million dollars. In terms of grant administrative services, the firm would charge an hourly rate for actual hours worked on the grant billed on a monthly basis.

Fiscal Impact: The City of Duarte did not include an appropriation for a grant writer in the FY 2012-13 Budget. Arroyo Strategy Group compensation would be based upon the successful grants they obtain.

Attachment: Professional Services Agreement

AGREEMENT FOR PROFESSIONAL SERVICES**

THIS AGREEMENT FOR PROFESSIONAL SERVICES ("Agreement") is made and effective as of July 10, 2012 ("Effective Date"), by and between the **CITY OF DUARTE**, ("City") and OH CONSULTING, INC., a California Corporation dba **ARROYO STRATEGY GROUP**, ("Consultant"). In the event this Agreement is suspended or terminated pursuant to this subparagraph (a), Consultant shall submit a final report to the City pursuant to Section 4, and City shall be entitled to receive a return of the fee paid to Consultant, or portion thereof, if the reason for the termination is failure by Consultant to have timely performed the services set forth in Exhibit "A." In City's sole and absolute discretion, prior to effecting a suspension or termination pursuant to this subparagraph (a), the City may first serve upon the Consultant a written notice of the default specifying the default and the amount of time that Consultant shall have to cure, correct, or remedy the default. In the event that the Consultant fails to cure the default within the specified period of time, the City shall have the right to immediately terminate this Agreement pursuant to subparagraph (a). Pursuant to Section 5

ENGINEER'S REPORT
SIDEWALKS, STREETS, SENIOR CENTER PAYMENT,
PARK AND SPECIAL ZONES
OF THE CITY OF DUARTE
LANDSCAPE AND LIGHTING MAINTENANCE DISTRICT
2012-2013 ASSESSMENT LEVY

SECTION 1. AUTHORITY FOR REPORT

This report is prepared pursuant to an order of the City Council of the City of Duarte in compliance with the requirements of Article 4, Chapter 1, Landscape and Lighting Act of 1972, being Part 2, Division 15, of the Streets and Highways Code of the State of California (The "Act").

The Act was originally created by the State Legislature in 1972. On June 13, 1978, the City of Duarte created the City of Duarte Landscape and Lighting Maintenance District for the maintenance and servicing of Landscaping and Lighting. Since 1972, the Legislature has expanded the definition of landscaping, lighting, and the work that may be done under the Act. The City of Duarte has, over time; expanded the work to be done by the District to include all the work allowed under the Act.

This Assessment District, by special benefit assessments, provides funding for the maintenance of City-owned parks, for the maintenance of the public landscaping in public owned properties or public right-of-way within the City, graffiti removal, maintenance of public-owned lighting, street lighting, traffic signals within the City, and funding towards the debt service of the Senior Center bond issue.

The voters on November 5, 1996 voted to adopt Proposition 218. Proposition 218 has the potential to have a great impact upon the way special assessments are used and assessed. The City Council has determined that the portion of the assessment devoted to street maintenance and the payment of the Senior Center bond is exempt from Prop. 218. In 1997, by majority vote of the property owners of all single family and condominiums within the City, it was determined to levy a park assessment of \$59.42 against single family and condominium units within the City.

SECTION 2. PLANS AND SPECIFICATIONS FOR THE IMPROVEMENTS

The plans and specifications for the irrigation, landscaping and lighting of streets, traffic signals and easements and authorized improvements within the City are on file in the Department of Community Development. The lighting locations and specifications for Edison-owned lights are on file with Southern California Edison Company. Reference is hereby made to said plans and specifications for the exact location and nature of the landscape and lighting of park improvements. Said plans and specifications by reference are hereby made a part of this report.

SECTION 3. ESTIMATE OF COST OF IMPROVEMENT

The cost of the initial improvements of median island landscaping, street landscaping, traffic signals, street lighting, parking lot lighting, and bike paths were paid for from capital improvement funds, special grants, gas tax, prior assessment districts, subdividers, and general City revenues. The City Council in 1991 and 1992, as a result of two public hearings, determined to fund a portion of the Senior Center construction from the landscape assessment in accordance with the Act. With the exception of the Senior Center, no other facilities are proposed to be funded from the district.

SECTION 4. CITYWIDE STREET AND SIDEWALK LANDSCAPING

The cost to maintain street landscaping, and parkway trees as described in this section. The following is a general description of the areas being maintained:

1. All parkway trees maintained by the City.
2. Trees adjacent to Caltrans right-of-way on Evergreen Avenue, Flower Avenue to Brightside Avenue, Central Avenue, Buena Vista Street to Santo Domingo Avenue and Evergreen Street east of Mountain Avenue.

The cost to maintain shall include, but not limited to, watering, fertilizing, mowing, weed control, shrubbery, tree removal and pruning, maintenance of irrigation facilities, removal or covering of graffiti and repair and replacement of lighting.

The cost to maintain and construct these facilities is considered a general property benefit and is assessed as a unit cost to each lot within the City, and to each apartment unit, hotel/motel room, trailer park space, and nursing home bed.

SECTION 5. CITYWIDE LANDSCAPING AND PARK COSTS

The cost to maintain parks, landscape area, and recreational facilities is described in this section. The following is a general description of the areas, parks and related landscaped areas being maintained as approved in the special assessment vote:

The cost to maintain shall include, but not limited to, watering, fertilizing, mowing, weed control, shrubbery, tree removal and pruning, maintenance of irrigation facilities, maintenance of park building and equipment, maintenance and replacement of recreation equipment, removal or covering of graffiti and repair and replacement of lighting.

SECTION 6. SENIOR CENTER

The City Council first in Fiscal Year 1991-92 and reconfirmed in Fiscal Year 1992-93 that it is determined to amend and provide for the inclusion of a senior citizen/community center facility as one of the improvements to be financed with the assessments from the Citywide Landscape and Lighting District. Pursuant to Resolution No. 92-25, the City Council determined that the Senior center would be financed from a portion of the proceeds of a Certificate of Participation advanced by the City which would be repaid to the City in whole or in part from the levy of annual assessments within the District. The maximum number of annual assessments (30 years), the fiscal years in which such assessments are

levied and the estimated maximum amount of each annual installment of each assessment was set forth in the resolution. The resolution set forth periodic increases in the assessment. The assessment is at the maximum allowed per resolution 92-25 of two-hundred twenty-five thousand dollars (\$225,000). This two hundred twenty-five thousand dollars (\$225,000) is to repay the Senior Center construction, which is allowed under the resolution.

SECTION 7. LIGHTING MAINTENANCE

The cost to maintain shall include, but not limited to, electrical service for all public lighting including parking lighting, repair and replacement of City-owned lights within public right-of-way, servicing of Southern California Edison owned lights as defined by the Act, repair and replacement of traffic signals.

The net amount to be assessed upon lands within the Assessment District in accordance with this Report is apportioned by a formula and method which fairly distributes the net amount among all assessable lots or parcels in proportion to the estimated benefits to be received by each lot or parcel from the improvements, namely the maintenance and servicing of public lighting facilities within such District. The maintenance and servicing of public lighting facilities installed and constructed in public places provides a special benefit which is received by each and every assessed lot or parcel within the District, tending to enhance their value. The streets within the District improve access to all lots or parcels assessed. Street lighting also provides advertising visibility for business and commercial establishments. The intensity or degree of illumination provided can have a bearing on the benefits of street lighting. Thus, primary benefits of street lighting are for the convenience, safety, security, and protection of people. Secondary benefits are security or protection to property, property improvements and goods as set forth below:

1. Improvement to traffic circulation.
2. Reduction in night accidents and attendant human misery and economic loss.
3. Less vulnerability to criminal assault at night.
4. Promotion of business during nighttime hours for commercial properties.
5. Increased nighttime safety on roads and highways.
6. Improved ingress and egress to lots and parcels.
7. Reduction in vandalism and other criminal acts.
8. Reduction in burglaries.
9. The enhancement to the value of property which results from the foregoing benefits.

Intensity or degree of illumination provided on streets varies with the type of street, date of installation and the use of the property adjacent thereto.

The majority of parcels within the Lighting District are residential properties. A value of one (1) basis unit has been assigned to a residential unit. A residential unit is defined as a single-family unit, condominium unit, rental unit or apartment unit. Parcels in other land use categories, not used as residential, were then evaluated and rated by comparison with the basis unit.

Each land use evaluation takes into consideration – foot traffic, vehicular traffic, and hours of occupancy. Commercial and industrial properties have been assigned additional units based on the comparative benefits, number of people that would be expected to benefit from the lighting, security and intensity of the lights provided. The average light intensities and energy consumption for commercial areas is greater than that required for residential areas.

SECTION 8. GRAFFITI REMOVAL

The cost for graffiti removal shall include, but not limited to, the cost of cleaning, sandblasting and painting of walls and other improvements to remove or cover graffiti. Graffiti removal is considered a general property benefit and is assessed in the same manner and is included in the Street and Sidewalk Landscape Assessment.

SECTION 9. TRAFFIC SIGNALS

The following traffic signals are entirely or partially maintained by the City.

- * Mountain Avenue and Huntington Drive.
- * Mountain Avenue and Central Avenue.
- * Mountain Avenue and Evergreen Street.
- * Mountain Avenue and Duarte Road.
- * Mountain Avenue at Walmart/Home Depot
- * Mountain Avenue at Best Buy
- * Buena Vista Street and Huntington Drive.
- * Buena Vista Street and Central Avenue.
- * Buena Vista Street and Evergreen Street.
- * Buena Vista Street and Duarte Road.
- * Highland Avenue and Huntington Drive.
- * Mount Olive Drive and Huntington Drive.
- * Las Lomas Road and Huntington Drive.
- * Crestfield Road and Huntington Drive
- * Mountain Vista Plaza at Huntington Drive

SECTION 10. DIAGRAM FOR THE ASSESSMENT DISTRICT

A copy of the proposed assessment diagram is on file in the City Clerk's office, and includes all the property within the City limits of the City of Duarte. Reference is made to the Los Angeles County Assessor Maps as to parcel location and dimensions. The City Council, at the time of formation of the District of 1978, determined that the public utilities right-of-ways should be assessed based upon the actual benefit to the public utility right-of-ways.

SECTION 11. ASSESSMENT ZONES

Zone 1 All the Property within the City except those Properties in Zones 2 through 17

All properties that are not in a special zone are assessed within this zone. Assessment for areas without street lighting are reduced to reflect the cost component of the City's budget. Areas with street lighting are assessed based upon a unit basis for single family zoned property and residentially used property. Commercial, industrial and multi-residential zone properties are assessed based upon lot size and street frontage.

All of the properties in Zones 3 through 8 are assessed their share of the citywide lighting, street, sidewalk and park maintenance in addition to special maintenance assessment. Zone 2 is assessed specifically for their gas lights.

Street Lighting

The cost for street lighting in all zones is assessed to all residential lots based upon the special benefit and to commercial and industrial based upon frontage and area benefit.

Citywide Park Maintenance

The cost of park maintenance determined as a direct benefit is assessed to all single-family units and all condominium units based upon a unit assessment.

Citywide Street Maintenance Cost

The cost in all zones is assessed to all lots on a unit cost per lot, and to each apartment unit, hotel/motel room, trailer park space, and nursing home bed.

Zone 2 Mesa Area GasLights

This area is served by gaslights. The cost of gas lighting is assessed equally to all lots. Included in this report is the cost to maintain the Rim Road slope constructed in 2008, but the cost is not part of the assessment district.

Zone 3 Emblem House Tract 33532

This zone was created at the request of the Developer (Emblem Homes), in lieu of a homeowner's association. The Developer installed sprinkler guns to irrigate the natural area north of the homes for fire protection. The maintenance of the sprinkler guns is a special benefit to all lots within the subdivision. The areas adjacent to the landscaping are given a benefit of 30% greater than the remainder of the lots.

Lots 1, 2, 18-119 are not adjacent to landscape areas

Lots 3-17 are assessed a 30% surcharge.

As in previous years, the City's General Fund has paid for this fire protection.

Zone 4 Las Lomas Villas Tracts 33964, 34892 & 35709

This zone was created at the request of the Developer in lieu of a homeowner's association maintaining the landscaping. The Developer, for the benefit of all lots, installed the landscaping as a special benefit to all lots, within the tract and is assessed equally to all lots. The assessment is based on a voter-approved formula, which provides for an annual C.P.I. increase not to exceed 3%. The C.P.I. for the year ending March 31, 2012 was 2%. This would allow for an assessment increase of \$7.11 per parcel to \$362.79 per parcel. A 2% increase in levy is proposed for Fiscal Year 2012-13.

Zone 5 Kaufman and Broad Development Phase I – Tract 35415(Encanto Parkway)

This zone was created at the request of the Developer in lieu of a homeowner's association maintaining the landscaping. The entrance landscaping on Encanto Parkway was installed by the Developer, as a special benefit to all lots, within the tract and is assessed equally to all lots. Since the extension landscaping along Encanto Parkway is also being considered a Citywide benefit, fifty (50) percent of the cost (\$7352.00) has been moved to the Citywide Street portion of the Assessment District. An increase in assessment was proposed for Fiscal Year 2010-11. This increase was subject to the requirements of Proposition 208 "the Right to Vote on Taxes Act". The increase was not approved by the property owners. Consequently, the level of maintenance was reduced to balance the expenditures with the assessment.

Zone 6 Kaufman and Broad Development Phase II – Tracts 35631 and 41717 (Rancho Verde)

This zone was created at the request of the Developer in lieu of a homeowner's association maintaining the landscaping. The landscaping was installed by the Developer, for the special benefit to all lots, and is assessed equally to all lots. An increase in assessment was proposed for Fiscal Year 2010-11. This increase was subject to the requirements of Proposition 208 "the Right to Vote on Taxes Act". The increase was not approved by the property owners. Consequently, the level of maintenance was reduced to balance the expenditures with the assessment.

Zone 7 Amberwood Tract 35711

This zone was created at the request of the Developer in lieu of a homeowner's association maintaining the landscaping. The landscaping was installed by the Developer, for the special benefit to all lots, and is assessed equally to all lots. The assessment formula is based upon a voter approved formula which provides for an assessment increase (CPI) not to exceed 3% a year. The C.P.I. for the year ending March 31, 2012 was 2%. This would allow for an assessment increase of \$8.05 per parcel to \$410.76 per parcel. A C.P.I. increase of 2% is proposed for fiscal year 2012-13.

Zone 8 Village at Windsor Tract 39457

This zone was created at the request of the Developer in lieu of a homeowner's association maintaining the landscaping. The landscaping was installed by the Developer, for the special benefit of all lots, and is assessed equally to all lots. The assessment formula is based upon a voter approved formula which provides for an assessment increase (CPI) not to exceed 3% a year. The C.P.I. for the year ending

March 31, 2012 was 2%. This would allow for an assessment increase of \$6.44 per parcel to \$328.64 per parcel. A C.P.I. increase of 2% is being proposed for Fiscal Year 2012-13.

Zone 9 Tract 32993 (Kendick Tract) and Tracts 35135, 35136, 35137 (Hearthstone Homes)

This zone was created at the request of the Developer in lieu of a homeowner's association maintaining the landscaping. The landscaping was installed by the Developer, for the special benefit of all lots, and is assessed equally to all lots. An increase in assessment was proposed for Fiscal Year 2010-11. This increase was subject to the requirements of Proposition 208 "the Right to Vote on Taxes Act". The increase was not approved by the property owners. The level of maintenance was reduced to balance the budget with the assessment.

Zone 10 Tracts 35138, 35139, 38393 & 39932 (Hearthstone Del Norte)

This zone was created at the request of the Developer in lieu of a homeowner's association maintaining the landscaping. The tracts are specially benefited equally by the landscaping installed by the Developer except for the lots adjacent to that landscaping maintained by the district, which has an additional special benefit of 10%.

Total lot count not assessed the additional 10% = 170 lots

Lots assessed 10% additional benefit:

(2) Lots 18,20 (Tract 35139)

(4) Lots 25-28 (Tract 39932)

(11) Lots 10, 11, 17-20, 31-34, 39 (Tract 38393)

Zone 11 Tract 42150 (TKI Townhomes)

This zone was created at the request of the Developer in lieu of a homeowner's association maintaining the landscaping. The landscaping was installed by the Developer, for the special benefit to all lots. The Board of Directors of the Home Owners Association in 2004 requested that the City allow the Home Owners Association to maintain the landscaping. The request was approved. A zero assessment for the landscaping within this zone has thus been shown.

Zone 12 Tract 33704 (Benchmark Homes)

This zone has been eliminated.

Zone 13 Mike's Center

This zone was created, at the request of the property owners, to maintain improvements installed by the City and financed by the property owners with assistance from Community Development Block Grant Funds. The lighting and landscaping was installed as a special benefit to all lots and is assessed based on lot area.

Zone 14 Tract 51911 (Las Brisas Development)

This zone was created upon the request of the Developer in lieu of a homeowner's association maintaining the landscaping. The landscaping was installed by the Developer, for the special benefit to all lots, and is assessed on a per lot basis. This zone was formed in 1995. At the time of the formation of this zone, the assessment was based upon a formula, which recognized the increase of inflation. The C.P.I. for the year ending March 31, 2012 was 2%. This would allow for an assessment increase of \$9.27 per parcel to \$472.90 per parcel. A C.P.I. increase of 2% is proposed for this fiscal year.

Zone 15 Tracts 52121 and 52255 (Las Posadas Development)

This zone was created in 1997 upon the request of the developer in lieu of a homeowners association maintaining the landscaping. The landscaping was installed by the developer, for the special benefit to all lots, and is assessed on a per lot basis. At the time of formation of the zone, the assessment was based upon a formula which allows for an assessment increase of up to 3 percent per year. The C.P.I. for the year ending March 31, 2012 was 2%. This would allow for an assessment increase of \$8.63 per parcel to \$440.33 per parcel. A C.P.I. increase of 2% is proposed for Fiscal Year 2012-13.

Zone 16 Tract 52336 (Buena Vista Villas)

This zone was created upon the request of the developer and a vote of the property owner in 1998. The developer installed all the landscaping to specially benefit all lots equally, therefore the assessment is levied on a per lot basis. This zone was created in 1998. The assessment is based upon a formula which provides for an assessment increase of 3 percent per year. The C.P.I. for the year ending March 31, 2012 was 2%. A C.P.I. increase of 2% raises the maximum assessment by \$9.20 per parcel from \$460.06 to \$469.26 per parcel. A C.P.I. increase of 2% is proposed for Fiscal Year 2012-13.

Zone 17 Tract 52704 (Citrus Collection)

This zone was created upon the request of the developer and a vote of the property owner in 2000. The developer installed all the landscaping to specially benefit all lots equally, therefore the assessment is levied on a per lot basis. The assessment formula is based upon a formula which provides for an assessment increase of 3 percent per year. The C.P.I. for the year ending March 31, 2012 was 2%. A C.P.I. increase of 2% raises the maximum assessment by \$13.11 per parcel from \$655.64 to \$668.75 per parcel. For Fiscal Year 2012-13, a levy of \$522.73 per parcel is required to balance expenses. While \$522.73 greater than Fiscal Year 2011-12, it is less than the maximum allowed assessment of \$668.75 per parcel.

Zone 18 Tract 52867(Ridgecrest Estates)

This zone was created upon the request of the developer and a vote of the property owners in 2011. The developer installed all the landscaping to specially benefit all lots equally and the drainage improvements to benefit the development specifically and the City generally equally. The development share of the drainage improvements benefits all the lots equally. The assessment is levied thus on a per lot basis. The assessment formula is based upon a formula which provides for an assessment increase based on the CPI with a maximum of 3% per year. The special assessment was approved on December 13, 2011 per Resolution 11-49. No increase in CPI is being applied this fiscal year.
