

Join us as we take the next steps towards making Southern California the undisputed leader in advanced transportation and help move our region to the autonomous vehicle future.

Agenda for March 9 e4 Mobility Alliance meeting at LACI – La Kretz Innovation Campus

Join the conversation, be an advanced transportation change maker.

Join us for our **March 9 e4 Mobility Alliance meeting at LACI La Kretz Innovation Campus**, where we will continue our series of meetings focused on moving our region towards the autonomous vehicle future and explore innovative solutions to transportation challenges in Southern California. Over the next few months, we will be discussing where we are and where we need to be to transform Southern California to become the undisputed leader in advanced transportation and help move our region to the autonomous vehicle future.

This month we will hear from three innovative companies who are working to provide services to alleviate traffic congestion through ridesharing and space saving vehicles.

Join us as we take the next steps to make the vision of an autonomous zero emission vehicle region a reality and be a changemaker.

Meeting Location:

LACI La Kretz Innovation Campus
525 S. Hewitt St.,
Los Angeles, CA 90013
